FLORIDA YMCA YOUTH IN GOVERNMENT STATEWIDE DELEGATION ★ ANY SCHOOL OR YMCA

Founded in 1957, Florida YMCA Youth In Government (YIG) is a youth-run, youth-led program focused on developing leadership and life skills through active civic engagement and community service.

Sr. YIG: High School

Our high school program, Sr. YIG, is a year-round extracurricular experience. Students travel to Tallahassee annually to serve as senators, representatives, attorneys, justices, executive agency heads, legislative affairs directors, and legislative whips within our model government simulation. Additional benefits include Bright Futures eligible service hours for time spent participating and opportunities to earn college credit from USF St. Petersburg at no additional cost through our Civic Fellows partnership.

Join the Statewide Delegation calls to learn more about Youth In Government and how to write a bill (legislative branch) or oral argument (judicial branch).
