English & Spanish Sample Ballots Inside!
A Message from
Mark S. Earley,
Supervisor of Elections

The November 2020 General Election is fast approaching. Here at the Leon County Elections Office, my team and I are hard at work preparing for what could well be the highest turnout of any election in recent memory, all being conducted during one of the most difficult times our nation has experienced in decades.

It seems a daunting challenge. But as was shown in the August Primary, Leon County and Florida knows what to do to be successful. A good place to start is reading this guide to learn about the many options open to you, and the many resources we have made available to you to take control of your vote.

As with most things in life, let common sense be your guide. Think critically, and don't be fooled by misleading information. Pay attention to deadlines and don't procrastinate. Keep your options open by requesting a ballot be mailed to you now.

My thanks go out to the thousands of voters who heeded the call to vote by mail (or by drop box) in the August Primary. I know this was new to many of you and trusting that the system would work was not easy. But it did work – with record participation. Nearly 44,000 Leon County Voters cast their ballots by mail. These voters made their voices heard while maintaining critical social distancing. They also contributed to safer, less crowded conditions for in-person voting.

As we near the General Election, tens of thousands of Leon County voters have already received their ballot in the mail. If you have not yet done so, request your Vote-by-Mail ballot, aka “Absentee ballot”, now by visiting www.LeonVotes.gov, or by calling the Elections Office at (850) 606-8683. Even if you plan to vote in-person, you can request a mail ballot as a “backup plan” to use just in case the health situation worsens between now and Election Day.

Once you receive your mail ballot, you have several options to vote. You can

1. mail your voted ballot back to my office by Oct. 27 so we receive it by the Nov. 3 deadline,
2. seal your voted ballot in the Green Envelope, sign it, and drop it into one of our convenient Ballot Drop Boxes located across the county,
3. or vote in-person during Early Voting or at your Election Day neighborhood polling place.

If you do choose to vote in-person, please consider voting during the first week of Early Voting to avoid the lines of voters that always wait until the last minute.

When you arrive at your polling site, we will be ready for you with smiling eyes – and masks, hand sanitizer, frequent cleaning of surfaces, and social distancing to allow you to vote safely.

This is a challenging time for all of us. Our adversaries across the globe know this, and they are trying to use our very freedoms to divide us. So, now more than ever, please be kind and patient with each other. Teamwork and unity in the face of adversity are the truest demonstrations of patriotism. When we work together, we are successful. That applies to voting in Leon County, and to the future of our nation.

For your convenience, please don’t wait until the last day of early voting, when lines are more likely to form. See the “Early Voting” section of this guide for details.

3. **Election Day is your last chance to vote!** Voting hours are 7 am to 7 pm on Tuesday, November 3, 2020. All voters waiting in line at 7 pm will have the opportunity to vote. You must vote at your assigned polling place, or if required due to the pandemic or other emergency, at an alternative site. Please check for the latest updates before you go to vote. Vote-by-Mail Ballot Drop Boxes

After Early Voting ends, drive-up Drop Boxes will still be available at the Elections Office at 2990-1 Apalachee Parkway so voters can quickly vote without getting out of their vehicle. The drive-up drop boxes will be available from 10:00 am to 6:00 pm on Monday, November 2nd and from 7:00 am to 7:00 pm on Election Day, Tuesday, November 3rd.

Each drop box is staffed by election personnel to ensure your vote is secure. Ballots are taken from the drop boxes directly to the Elections Office — no postage is necessary. **Voted ballots must be returned in the green envelope, with the voter’s signature and date signed.**

### No. 1 Constitutional Amendment, Article VI, Section 2

Citizenship Requirement to Vote in Florida Elections

This amendment provides that only United States Citizens who are at least eighteen years of age, a permanent resident of Florida, and registered to vote, as provided by law, shall be qualified to vote in a Florida election. Because the proposed amendment is not expected to result in any changes to the voter registration process in Florida, it will have no impact on state or local government costs or revenue. Further, it will have no effect on the state's economy.

- Yes
- No

### No. 2 Constitutional Amendment, Article X, Section 24

Raising Florida’s Minimum Wage

Raises minimum wage to $10.00 per hour effective September 30th, 2021. Each September 30th thereafter, minimum wage shall increase by $1.00 per hour until the minimum wage reaches $15.00 per hour on September 30th, 2026. From that point forward, future minimum wage increases shall revert to being adjusted annually for inflation starting September 30th, 2027.

State and local government costs will increase to comply with the new minimum wage levels. Additional annual wage costs will be approximately $16 million in 2022, increasing to about $540 million in 2027 and thereafter. Government actions to mitigate these costs are unlikely to produce material savings.

- Yes
- No

### No. 3 Constitutional Amendment, Article VI, Section 5

All Voters Vote in Primary Elections for State Legislature, Governor, and Cabinet

Allows all registered voters to vote in primaries for state legislature, governor, and cabinet regardless of political party affiliation. All candidates for an office, including party nominated candidates, appear on the same primary ballot. Two highest vote getters advance to general election. If only two candidates qualify, no primary is held and winner is determined in general election. Candidate’s party affiliation may appear on ballot as provided by law. Effective January 1, 2024.

It is probable that the proposed amendment will result in additional local government costs to conduct elections in Florida. The Financial Impact Estimating Conference projects that the combined costs across counties will range from $3.9 million to $5.8 million for each of the first three election cycles occurring in even-numbered years after the amendment’s effective date, with the costs for each of the intervening years dropping to less than $450,000. With respect to state costs for oversight, the additional costs for administering elections are expected to be minimal. Further, there are no revenues linked to voting in Florida. Since there is no impact on state costs or revenues, there will be no impact on the state’s budget. While the proposed amendment will result in an increase in local expenditures, this change is expected to be below the threshold that would produce a statewide economic impact.

- Yes
- No

### No. 4 Constitutional Amendment, Article XI, Sections 5 and 7

Voter Approval of Constitutional Amendments

Requires all proposed amendments or revisions to the state constitution to be approved by the voters in two elections, instead of one, in order to take effect. The proposal applies the current thresholds for passage to each of the two elections. It is probable that the proposed amendment will result in additional state and local government costs to conduct elections in Florida. Overall, these costs will vary from election cycle to election cycle depending on the unique circumstances of each ballot and cannot be estimated at this time. The key factors determining cost include the number of amendments appearing for the second time on each ballot and the length of those amendments. Since the maximum state cost is likely less than $1 million per cycle but the impact cannot be discretely quantified, the change to the state’s budget is unknown. Similarly, the economic impact cannot be modeled, although the spending increase is expected to be below the threshold that would produce a statewide economic impact. Because there are no revenues linked to voting in Florida, there will be no impact on government taxes or fees.

THE FINANCIAL IMPACT OF THIS AMENDMENT CANNOT BE DETERMINED DUE TO AMBIGUITIES AND UNCERTAINTIES SURROUNDING THE AMENDMENT’S IMPACT.

Limitations on Homestead Property Tax Assessments; increased portability period to transfer accrued benefit

Proposing an amendment to the State Constitution, effective January 1, 2021, to increase, from 2 years to 3 years, the period of time during which accrued Save-Our-Homes benefits may be transferred from a prior homestead to a new homestead.

- Yes

### No. 6 Constitutional Amendment, Article VII, Section 6 and Article XII

Ad Valorem Tax Discount for Spouses of Certain Deceased Veterans Who Had Permanent, Combat-Related Disabilities

Provides that the homestead property tax discount for certain veterans with permanent combat-related disabilities carries over to such veteran’s surviving spouse who holds legal or beneficial title to, and who permanently resides on, the homestead property, until he or she remarries or sells or otherwise disposes of the property. The discount may be transferred to a new homestead property of the surviving spouse under certain conditions. The amendment takes effect January 1, 2021.

Núm. 1 Enmienda Constitucional, Artículo VI, Sección 2

Requisito de ciudadanía para votar en las elecciones de Florida

Esta enmienda establece que solo los ciudadanos de los Estados Unidos que tengan al menos dieciocho años de edad, sean residentes permanentes de la Florida y estén registrados para votar, según lo dispuesto por la ley, calificarán para votar en una elección de Florida. Debe a que no se espera que la enmienda propuesta resulte en ningún cambio en el proceso de registro de votantes en la Florida, no tendrá ningún impacto en los costos o ingresos del gobierno estatal o local. Además, no tendrá ningún efecto en la economía del estado.

☐ No

Núm. 2 Enmienda Constitucional, Artículo X, Sección 24

Aumentar el salario mínimo de la Florida

Aumentar el salario mínimo a $ 10,00 por hora a partir del 30 de septiembre de 2021. Cada 30 de septiembre a partir de entonces, el salario mínimo aumentará $ 1,00 por hora hasta que el salario mínimo alcance los $ 15,00 por hora el 30 de septiembre de 2026. A partir de ese momento, los futuros aumentos del salario mínimo deberán volver a ajustarse anualmente según la inflación a partir del 30 de septiembre de 2027. Se incrementarán los costos de los gobiernos estatales y locales para cumplir con los nuevos niveles de salario mínimo. Los costos salariales anuales adicionales serán de aproximadamente $ 16 millones en 2022, aumentando a aproximadamente $ 540 millones a partir de 2027. Es improbable que las acciones del gobierno para mitigar estos costos produzcan ahorros materiales. Cabe destacar que otros costos gubernamentales e impactos en los ingresos, tanto positivos como negativos, no son cuantificables.

ES ESTIMADO QUE EL IMPACTO FINANCIERO DE ESTA ENMIENDA CONSTITUCIONAL TENDRÁ UN IMPACTO NEGATIVO NETO SOBRE EL PRESUPUESTO ESTATAL. ESTE IMPACTO PUEDE RESULTAR EN IMPUESTOS MÁS ALTO O PéRDIDA DE SERVICIOS GUBERNAMENTALES PARA MANTENER UN PRESUPUESTO ESTATAL EQUILIBRADO SEGÚN LO REQUIERE LA CONSTITUCIÓN.

Núm. 3 Enmienda Constitucional, Artículo VI, Sección 5

Todos los votantes votan para la legislatura estatal, el gobernador y el gabinete en las elecciones primarias

Permite a todos los votantes registrados votar para la legislatura estatal, el gobernador y el gabinete en las elecciones primarias, independientemente de la afiliación a los partidos políticos. Todos los candidatos para un cargo, incluidos los candidatos nominados por los partidos, aparecen en la misma boleta primaria. Los dos candidatos que obtengan la mayoría de los votos avanzarán a las elecciones generales. Si solo dos candidatos califican, no se celebra ninguna primaria y el ganador se determina en las elecciones generales. La afiliación al partido del candidato puede aparecer en la boleta electoral según lo dispuesto por la ley. Vigente a partir del lunes 1 de enero de 2024. Es probable que la enmienda propuesta resulte en costos adicionales del gobierno local para realizar elecciones en la Florida. La Conferencia de Estimación del Impacto Financiero proyecta que los costos combinados entre los condados oscilarán entre $ 5,2 millones y $ 5,8 millones por cada uno de los primeros tres ciclos electorales que ocurrirán en años pares después de la fecha de entrada en vigencia de la enmienda, y los costos de cada uno de los años intermedios disminuirán a menos de $ 450,000.00. Con respecto a los costos estatales para la supervisión, se espera que los costos adicionales para administrar las elecciones sean mínimos. Además, no hay ingresos vinculados a la votación en la Florida. Dado que no hay impacto en los costos o ingresos estatales, tampoco habrá impacto en el presupuesto del estado. Si bien la enmienda propuesta dará como resultado un aumento en los gastos locales, se espera que este cambio esté por debajo del umbral que produciría un impacto económico a nivel estatal.

Núm. 4 Enmienda Constitucional, Artículo XI, Secciones 5 y 7

Aprobación de votantes de enmiendas constitucionales

Requiere que todas las enmiendas o revisiones propuestas a la constitución del estado sean aprobadas por los votantes en dos elecciones, y no solo en una, para que surtan efecto. La propuesta aplica los umbrales actuales para la aprobación de cada una de las dos elecciones. Es probable que la enmienda propuesta resulte en costos adicionales del gobierno local y estatal para realizar elecciones en la Florida. En general, estos costos variarán de un ciclo electoral a otro dependiendo de las circunstancias únicas de cada boleta y no pueden estimarse en este momento. Los factores clave que determinan el costo incluyen el número de enmiendas que aparecen por segunda vez en cada boleta y la longitud de esas enmiendas. Dado que el costo máximo del estado es probablemente inferior a $ 1 millón por ciclo, pero el impacto no puede cuantificarse de manera discreta, se desconoce el costo en el presupuesto del estado. Del mismo modo, el impacto económico no se puede medir, aunque se espera que el aumento del gasto esté por debajo del umbral que produciría un impacto económico a nivel estatal. Debe a que no hay ingresos vinculados a la votación en la Florida, no habrá impacto en los impuestos o tarifas gubernamentales.

EL IMPACTO FINANCIERO DE ESTA ENMIENDA NO SE PUEDE DETERMINAR DEBIDO A LAS AMBIGÜEDADES E INCERTIDUMBRES RELACIONADAS AL IMPACTO DE LA ENMIENDA.
