National Voter Registration Day - Leon County Schools and Supervisor of Elections
Announce 1st Annual Districtwide High School Voter Registration Drive

Leon High School Senior Madeline Feiock, Leon County Schools Superintendent Rocky Hanna, and Leon County Supervisor of Elections Mark Earley will have press availability at the Leon County Election Center, 2990-1 Apalachee Parkway, on **Tuesday, September 24, 2019 at 12 pm noon** to announce efforts to coordinate the first annual districtwide high school voter registration drive.

As the 2019-2020 Student District Advisory Council Chair, Ms. Feiock authored a proposition for designating a day for voter registration in public schools to expand accessibility and encourage voter participation among her peers. Her proposition was approved by Student Government Associations in District 1 and the Florida Association of Student Councils at a regional meeting earlier this year. The support prompted Ms. Feiock to work with Supervisor of Elections Mark Earley and School Board member Darryl Jones to propose her resolution to the Leon County School Board for approval, and to coordinate the voter registration drive locally.

The group will work with Superintendent Hanna, school principals, administrators, elections staff, students, and volunteers to coordinate the drive to be held on Tuesday, January 21, 2020 at each Leon County High School for all eligible students to pre-register or register to vote ahead of the registration deadline for the Presidential Preference Primary. Students who pre-register automatically become eligible to vote in elections that occur on or after their 18th birthday.

For more information contact the Leon County Supervisor of Elections office at (850) 606-8683 Monday through Friday 8:30 am to 5:00 pm.
