Adopt A Precinct
The Partners in Democracy Program

Mark Earley
Supervisor Of Elections Office
Leon County
What is the Adopt A Precinct Program?

It is a partnership in which a participating organization adopts a specific precinct the day of the election. The partner is responsible for providing the staff needed to manage that precinct and help voters in a non-partisan manner.

Where will the Precinct Be?

If you choose to be a polling location, you can also adopt your location and members of your organization will be trained to work your location on Election Day!

Why Would We Want to Do This?

As a team, your association can work together on Election Day and earn money for your organization.

All monies earned as a poll worker on Election Day can be directed back into your organization. This is a fundraiser that would raise several hundred dollars per election!

Will There Be Training?

Morning, evening and weekend training classes are offered prior to each election. Special on-site training can be arranged to better fit your association's schedule.

What are the Benefits?

Beside serving your community and earning funds, a sign will be placed in front of the precinct that reads, "This polling place is staffed today by: (your organization's name)."

Your organization will be featured on our website and in our newsletter.

How Many Workers are Needed?

The number of workers needed at any site are determined by the Supervisor of Elections. Usually we need 4 or more workers per location.
